President's Notes

Suddenly summer arrives...along with construction season! Bikes are out everywhere – it is really great to see the number of riders on the roads again. Unfortunately, this spring has been a deadly one for motorcyclists – 3 killed in 5 weeks...all due to the fault of other drivers. Please folks, be vigilant about your safety. Be aware of your surroundings – 360 degrees around you and anticipate what everyone else is doing. Keep a sharp eye in your rear view mirrors for distracted/texting drivers. As motorcyclists we know the risks of riding...and we are prepared to take those risks to enjoy what we love doing. Obviously we cannot be safe enough when on the two wheels...so do everything in your power to keep yourself safe.

Thanks to the club members who rode together to Treasurer Sarah and Joe's wedding celebration. There were 21 who were treated to a wonderful BBQ buffet. Our club has treated Sarah & Joe to their Rally attendance, complete with Rally shirts! Congratulations Sarah & Joe!

The 18th annual Bison Rally is upon us right away: June 22-24 in Carman. It is shaping up to be a terrific event again with all the usual fun events scheduled, including the awesome games and incredible food served (with the addition of a hot breakfast Sunday morning). Clarence has worked hard on putting together the event with his trusty team...and has even secured a "Test Our Metal" visit by Harley-Davidson Canada on the Saturday. This is a great opportunity to ride a 2018 HD – many models will be there – and to have a ride courtesy of HD Canada. The guys are even tossing in a \$200 donation to our club – bonus!

And speaking of donations & HDs, we have had some responses for those with HDs (vintage and modern) who will attend the July 7th HD display at Club Regent Casino. The Casino wants 35 Harleys there for an outdoor Show n Shine from noon to 4pm...for this they are providing each guest with a food and beverage voucher, plus a casino credit. They are also providing \$1,000 to the AMCM to thank-us for our attendance! We have had a limited response from our club so far, so we will share the event particulars with the CVMG and CMMG. We want to ensure a turnout of at least 35 bikes...please contact Kim to advise of your attendance (pirates.pearl@gmail.com). I know Kim and I will be there on two of our HDs, and we have a 3rd that would be available to be ridden to the show...hmmm...who would pay to see John Thompson riding an outrageously loud in pipes and colour HD covered in skulls?!!! The photo ops are gold in themselves :D

This is a busy summer for our club again. Lots of events are planned and noted in the sanctioned ride list. I hope the membership attendance to signature events such as the Rally, Corn Roast and Tiddler Run is very strong...and also for the many others that we have.

See you at the June 19th meeting and again at the Rally!

Keep Calm and Rally & Ride On!

Rick

The Dunlop Trophy

What is the Dunlop Trophy??? It was a trophy awarded annually to the winner of the Reliability Run which started in 1911.

These members were hands on in the rescue and restoration of the **Dunlop Trophy** that hung in the **MMC** clubhouse that was destroyed by fire, From left to right is Ross Metcalfe, John Thompson , David Pritchard and Siggi Klann. Not shown is Tom Wilcock an Ontario member who provided us with the missing Motorcycle. Great job guys.

What is the meaning of the hands on the Dunlop Trophy.

The hands were a symbol of Dunlop Tire and came with a caption that said "These are the only tools you will ever need".

AMCM Moment of silence for Robyn Gray

A moment of silence was observed for Robyn Gray at the May 2018 meeting of the AMCM. Robyn was involved in a multivehicle accident while riding his motorcycle on Garvin Road on May 2018.

You won't find Robyn in our roster, but the AMCM was one of many motorcycle related organizations he contributed his time and knowledge to. It was a sign of respect from our club and those who knew him personally to recognise the loss of a fellow motorcycle enthusiast. Harley's and Henderson's were his antique motorcycle marquee of choice. Robyn on occasion would join our AMCM rides and make appearances at movie nights at Ross's and Keith's. Many of us will remember him attending our annual auction for Spina Bifida a couple years back and donating a large dealer exclusive Harley Davidson 100th Anniversary banner. Robyn is a significant part of Manitoba motorcycling history. Why did he have a large Harley banner distributed to dealers? Because he owned a Harley Davidson dealership after being awarded a franchise by Fred Deeley Imports in 1978.

It was located on Corydon Avenue before moving to a new building on Goulet Ave. Prior to the HD dealership he was with Bob's Cycle on Portage Ave.

Whether you knew him or not, it was obvious when he walked into any motorcycle related event that he was somebody in Manitoba motorcycle culture. He looked the part for sure, but someone in every crowd greeted him by name because of his participation in all that is motorcycle and the relationships that he developed in his lifetime. He always made extra effort to make all feel welcome at any event he organized or attended. It is no coincidence that he was a major force in the creation of The Coalition of Manitoba Motorcycle Groups CMMG. In fact he gave a free CMMG membership to anyone who bought a new bike at his dealership.

Decades of riding and commitment to motorcycling in Manitoba produced the following lengthy resume. It is a long list and every time you speak of Robyn it seems to lengthen so don't take this as an exhaustive list. He was a motorcycle enthusiast, shop owner, manufacturer dealer, show promoter, ride organizer, legislative lobbyist, Classic Motorcycle collector, businessman, wrench, racer, bike builder...

Perhaps a good sample of the many stories to share and a fond memory would be of Robyn and his trusty sidekick "Buddy" who would lead his many rides throughout Manitoba from Easter weekend to Remembrance Day. His annual Remembrance Day ride was held in honor of Canadian veterans. Freedom and the recognition of veterans for their sacrifices was something Robyn was passionate about and he reminded us every year with his ride regardless of the November weather in Manitoba. Great pics of vintage wartime dispatch riders, or his bikes covered in snow would be broadcast by email to announce the ride. He would make special effort to include anyone who wanted to ride. A recent Easter weekend ride invitation started with "Everyone is invited to my annual Good Friday ride..." He would have everyone meet at his "retreat" and have hot coffee ready for a cold ride. The rides would go on no matter the weather.

A spontaneous and beautiful tribute to Robyn is located on the roadside on Garvin Road. Along with the marker, pictures, and flowers was a carefully placed cup of coffee for Robyn for the ride.

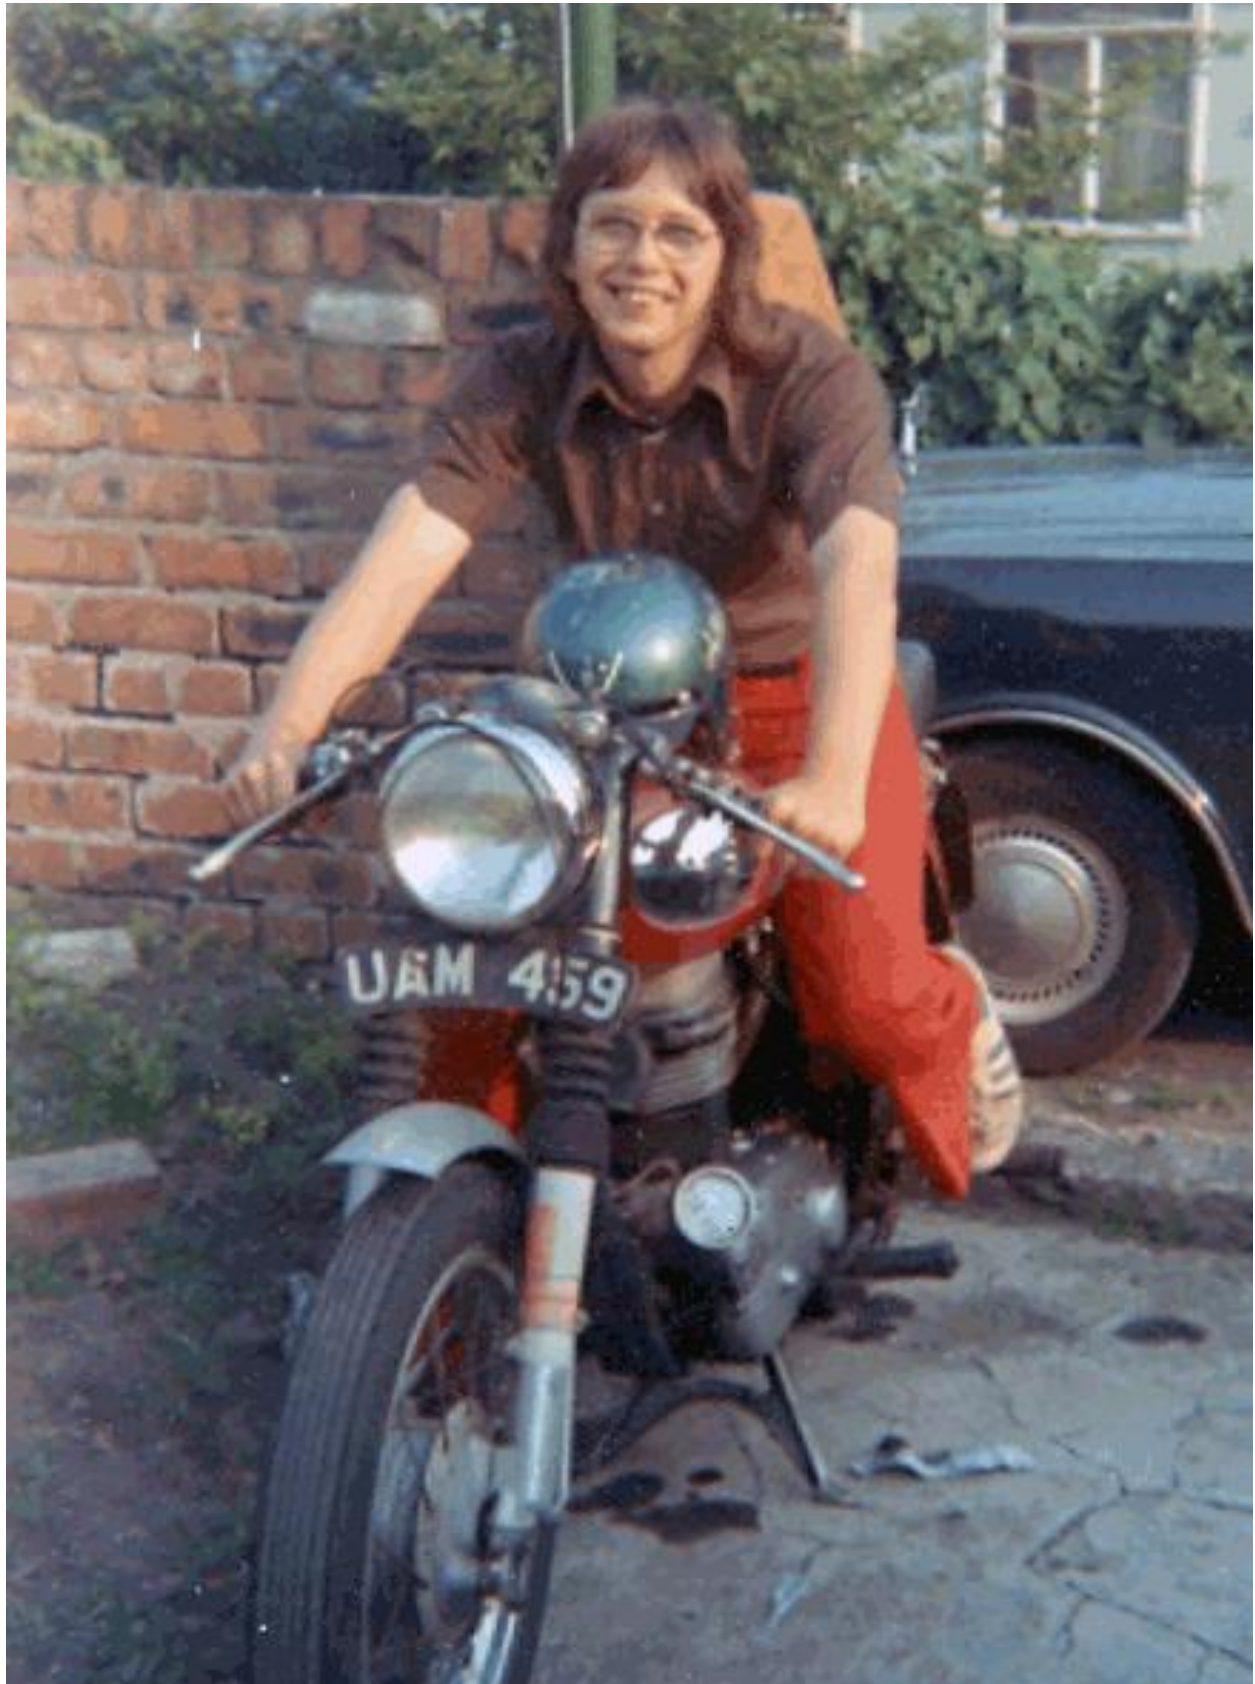

The AMCM sends it's condolences to Robyn's family and many close friends.

Pat and John Choquette receiving award for hosting the Corn Roast for 35 years from President Ross Metcalfe and Treasurer Siggv Klann, charter members.

*Now over 40 years they've done the Corn Roast
John and Pat, you have been wonderful hosts
Just to be clear
they've never missed a year
What an amazing record for one couple to boast.*

Ok, here is an old photo of me on my first bike Your challenge, what is my name, the year and make of the bike, and what country.

LIFE IN MEXICO

A Message from Larry Woolley

Here are a few pictures I took of the bikes that turn up Sunday afternoon at the Malacon (lake front) here in Chapala. They ride in from Guadalajara a city of over 25 miles away to cool off as the city temps are 10 to 15 degrees hotter than the 25 to 30 degrees by the lake waters.

Not all Mexicans are poor, some a VERY rich as you can see from their rides. Some have VW trikes of every sort, so old VW parts are easy to get here as you will see. This was taken last Sunday 22 April, see NO snow only wonderful Summer days, this is our life here from late October to late June when the rains arrive. When they do one must be under cover by 4 pm to 9 am, then the sun comes out to fry things out till evening when the cycle of rain **starts again**.

I got the new bike today!

April 26/18

What's to say, the dealer wished me a safe ride, he will get me a spare key and a info book, my luck it will be in Spanish, might as well be in Greek! I found out the beast is a hard rider, is hard to toss around, makes my hands tingle too. At 120 plus kph it sort of softens out a bit, the neutral indicator is very hard to find when the bike is HOT. I have to turn it off to put it in neutral, it is not a city driver. MY Vespa 300 would leave it in dust in the city up to 50 mph or 90 kph. The Moto is a beast, as you say, how ever go into the mountains, IF I can ever learn the power spots and gears, it will be a blast in Mexico!

Here is Larry Wooley. He has been a member of the AMCM/ MMC for several years. Currently he holds the record for riding his Ural to every meeting in 2015. He has now moved to Mexico, a warmer climate.

Larry Wooley '10 Ural

DID YOU KNOW???

Most AMCM members have seen founder member Ross M riding his 1942 WLC Harley Davidson in parades and various club runs and outings. But **DID YOU KNOW** that Ross has a another 1943 WLC and yet another 1943 WLC with Military sidecar???

The WLC ("C" for Canadian) 45 cu inch (740cc) flat-head side-valve V twin was made by special order for the Canadian Armed Forces by the Milwaukee factory, and differs from the WLA (A for American) model in several ways. Most noticeable is the toolbox on the front mudguard necessitating a higher headlight mounting. A "snorkel" type special crankcase breather to stop water getting in and an oil-bath air filter, were also Canadian specifications. Ross' also has the leather scabbard for a British-made Sten Gun.

The WLA's were issued with US-made Thompson Machine Guns. Ross actually has a genuine (plugged) Sten Gun, which he has displayed in the scabbard occasionally. The Canadians also ordered 18" same sized front and back wheels so that they would be interchangeable, whereas the Americans had different sized wheels. The Canadian 1st Army took part in the liberation of France, Belgium and Holland in 1944-45 and invariably it was the Canadian troops who rode in first on their WLC's. The Dutch christened it "The Liberator" whilst the American WLA was known as "The bike that won the war"

Blast from the past

History of the 1912-1931 Henderson Four

I don't have a Motorcycle Matters this time but here is a little history on the Henderson Motorcycle.

Henderson was one of the most important early American motorcycle manufacturers. Brothers Tom and William Henderson founded the company in Detroit in 1912. Tom had previously worked for Winton cars, and William served as the designer.

All Hendersons were in-line four-cylinder designs, and early models were notable for their long cylindrical gas tanks between two horizontal tubes and their extended frames with an alloy footplate ahead of the engine itself. On this were two pedals, either of which operated the solitary rear brake. Interestingly, the two-seater model actually placed the passenger in front of the driver.

The first Henderson engines were 965 cc F-head designs, with overhead inlet and side exhaust valves. The engine had three main bearings, splash lubrication and a side hand-crank for starting. Timing gears were easily accessible in front, and ignition was by Bosch magneto. The clutch at the rear was connected to the chain via bevel gear.

Carl Clancy was the first motorcyclist to ride around the world in 1912. His Henderson is the only 1912 model known to exist, in a museum in Iowa. In 1913, the company moved the pillion behind the rider and increased the engine to 1,064 cc, while the round tank became flat-sided. Henderson's 1914 models offered a Thor two-speed rear hub, and full-pressure lubrication came in 1916. For 1917, Henderson added a three-speed gearbox and trailing-link front forks.

In 1917, Schwinn bought Henderson and the company therefore became part of the Excelsior empire. The side-valve Model K was introduced in 1920 and would continue to the end of Henderson production. Leading link forks were adopted in 1928, and a five-main bearing F-head engine in 1929, when the model K was divided into KJ standard and KL super sports. Motorcycle production halted in 1931 and Schwinn went back to bicycles.

The Hendersons, meanwhile, had started building the new Ace four-cylinder motorcycle in 1919, seeking a lighter and faster design. The F-head engine was now 1,220 cc, in unit with a three-speed hand-shift gearbox. Lubrication was by pressure and splash systems, and the finished bikes were painted dark blue. Cannonball Baker halved his 1912 Coast-to-coast Indian record on a 1922 Ace in 6 days 22 hours, 52 minutes, but William Henderson was sadly killed later that year testing a new model.

Arthur Lemon took the company's helm and a new slim-line model was introduced in 1923, setting a number of speed records – 129 mph from a solo, and 106 mph with a sidecar. Financial problems dogged the company, however, and Ace production stopped in 1924, restarted a couple of times, then was sold to Indian in 1927. Indian adapted the Ace to its own lineup and persevered with the four-cylinder design for another 15 years to the dismay of its V-twin loyalists.

18) Treasurer's report – Sarah

- a) \$10,500 in bank
- b) Sarah & Joe on honeymoon, and thanks from the AMCM for the gift of free Rally attendance!

19) Secretary's Report – Kim (unable to attend tonight):

- a) 141 members renewed for 2018, and some more tonight!

20) Roster Update – Mark

- a) Mark is finalising the roster for printing. It should be available for the June 19th meeting
- b) A request from the membership to have a blank page added at the end to take notes if that works

21) 2018 Rally Update - Clarence:

- a) Early bird prices ending June 1st but honoured at Perimeteritus
- b) Liquor license is in place: Bring a receipt if you bring booze to have during the meals– you need that for the inspector if they show up!
- c) Show of hands for those bringing a vintage Yamaha...easily we will have a dozen
- d) We need door prizes...please bring some to the June 19th meeting, or contact Tim Klassen to get stuff delivered/picked up!
- e) Please bring the business card for anyone who is donating a prize so we can have a thank-you board
- f) We need volunteers – there are time slots available, or just put your name down and we'll find you something
- g) HD is bringing out the 2018 Test Our Metal on the Saturday, 10am-3pm. We will ask them for a donation or some kind of support for the Rally. They will be across from the Active Living Centre. This is an open event for the public as well as our group.
- h) The Charleton brothers are taking care of the games...all good!

22) Newsletter update - Raymond:

- a) Next newsletter is mid-June – please send in articles

23) WebMaster report – Greg Hygaard:

- a) All the events should be on the Events page on the site and are marked as to whether they are sanctioned rides or not.

24) Librarian and Regalia Report: Dan Catte

- a) Sorting continues, and some regalia is being kept on site
- b) Cabinets are unlocked before the meetings to sign out any items with Dan
- c) Creating an index: Siggie, Iain, and Dan are scheduling time to work on this inventory through the website
- d) There is a regalia book at every meeting so folks can look through for items
- e) All items will be brought to the Bison Rally
- f) 50/50 for \$1 per ticket are for sale at each meeting

25) MMC Club trophy update – Regarding the two hands, it was the trademark for Dunlop tires used at the time with the slogan 'these are the only tools you'll need'. No religious connection at all.

- a) There are only 2 of these Dunlop trophies left, and they were only given to Canadian organizations running events...what a great save for the motorcycling community

26) ANY NEW BUSINESS?:

- a) June 20th – Yamaha demo day – please contact Wildwood Motorsports
- b) Spina Bifida update from Chas...Connie sent a note for an update on Evan's progress, he will finish 5th grade this June, plays sledge hockey, baseball, and that he has run a 100 metre race! We have a video that we will place on the amcm.ca site.

27) Rusted Restoration: David Leduchowski – HD 1966 FLHFB SuperSport Shovelhead – his favourite!
