

AMCM Minutes of June 27 meeting

We had seven members, three on bikes, show up for an informal evening. We are still asking for the club Stamp from the membership--- if the truth were known---our present membership is so small, the stamp is probably in the hands of a former member.

Discussions covered Vintage plates with Ed Pauch enlightening us as to the fact that they cover us only on parades/ and going to a garage for service. Not on local weekly events. Seems that it is very restrictive and not worth buying.

Bert B is now without a bike, after 70 years of owning them. I don't know how he can be without. He had sold his Velo, and while visiting Irv in hospital, told him so. Naturally, Irv asked "How Much/? " It seems he still thinks about what's important .

We all know about the Safety Certificate as of July 1. There is also an Ownership Certificate document that has been created. According to Ed it is possible to identify bikes or any vehicle you currently own, but have not have licensed, if you register it before Dec 31. 95. After this date a fee of \$15.00 will be charged to you. Thinkabout it.

PROPERTY MANAGER - RAY HOUDE - 253-9059

PRESIDENT'S NOTE

Irv Lowen's son-in-law, Ken called me to say how welcome and appreciated the visits, cards, etc. to Irv, are. Ken says Irv enjoys getting the Rust 'N Pieces and hearing the club news. Irv may be visited at the Health Sciences Centre.

Bert Bentley was kind enough to bring some motorcycle bits to the last meeting. Some members went away with some interesting and useful items. Bert, thanks for the opportunity for us to look through it all and see if there was anything we wanted.

On the subject of pictures. the Manitoba Provincial Archives copied eleven of the thirty-eight photos we supplied to them. They had a limited budget, and some of their choices depended on whether they had direct written permission from the owner. The concern with having written permission is related to copyright laws. The photos which the archives have made copies of are on special display there until the end of August. Copies of the photos the archives has made negatives of may be purchased from them. I am looking into having copies, laser or otherwise, of some of the pictures loaned to us and not copied.

This issue of the newsletter is running late, sorry folks!

See you next month with more stuff, stay dry,
don't waste all the good weather!!!!

Minutes of July 25,95 AMCM meeting

4 riders and 2 drivers graced us with each others company.
We had another informal meeting ---during which Ed P. gave
us more clarification on Vintage Plates. He obtained this from the
Registrar of Motor Vehicles as follows;

vehicle can be 1...used for trip to service of vehicle (garage)

2...used in parades

3...used on events published in our newsletter

This then does justify purchasing of Vintage plate in my
informed opinion.

The Library draw was an "half-n-half" and Bill Watt got
it again. (Good on ya, Bill)

In other news, the Man. Antique Car Club is celebrating
it's 35th Anniversary and will have a display in the Wpg. Conven-
tion Centre on Oct. 6,7, and 8, 1995. (Thanksgiving weekend)
You may be called on to enter a bike or baby-sit.

Don't forget Do-nut Runs if you want to meet for a ride!!!
