Property Manager- Ray Houde - 253-9059

Meeting Notice

Next meeting is at Woodhaven Community Club, 7.30 PM
Meeting date: JUNE 30, 1998
Next month: JULY 27, 1998

President's Note

Tiny Robins passed away in early May, and the memorial service was May 11th. The turnout was good sized with many of his friends and acquaintances at the service.

Going to Tiny's shop was as much a social activity as a shopping trip. After he closed the shop he kept the coffee pot on at home, and was always a good host to people dropping by. I shall miss going there for coffee and a visit.

Tiny will be missed and remembered by many (Amen, Jim -Ed).

Tiny's daughter Della has donated some of Tiny's books to our club library. These are: The Pictorial History of Motorcycling (Tony Middlehurst), A Treasury of Motorcycles of the World (Clymer), Everyone's Book of Motor Cycling (Don Morely). There is also a collection of motorcycle cards.

I thank Della for this gift to our library.
Jim H.

Editors Note

Well, I got quite a wake up call a few weeks ago, when I started getting strange pains in my chest. To make a long story short, I ended up in the Grace Hospital, and had a stent (screen type sleeve) put in my heart, because one artery was 90% plugged.

Fortunately, no heart damage seems to have occurred. Seems that I was running a triple on two cylinders. All seems well now and I am looking forward to the end of the school year and getting out on the Squariel.

I have to say that the staff at the Grace, especially Intensive Care Unit, are the GREATEST!

I took the Sq4 to the Tin Lizzie event (on Jim's trailer) and even rode it around a bit - it needs new plugs. Like me, it was not running on all cylinders.

We may want to team up with them for a show next year

See you at the next meeting

Ed

Recent Events

On the Victoria Day weekend, we have Richard Gibbings, Siggi Klann, Mike Baraschuk and myself (Jim Harrison) displaying bikes at the MCAAC (Antique car club) show and swap meet at the new EX grounds.

On the following weekend was the Tin Lizzie museum motorcycle day on their grounds at St. Francois Xavier. We had Ed Pauch, Ed Wiebe, Bill Watt, Ross Metcalf, Mark Perry, Parker Fillmore, Siggi Klann, Richard Gibbings, and myself display bikes. There was also a display of CVMG bikes and many others. Many cyclists came and went all day on current machines. The event was a very pleasant day! Congratulations to the Tin Lizzie folks for putting on a good event. Atta boy, Dave!

Both events were quite enjoyable with good weather. Hopefully this type of activity will continue to develop.

Don't forget - this month is the Ride For Sight event at Winnipeg Beach on June 27th. I will not be able to get to this as I will be working. Hopefully some other members will be able to get there and hand out some of our posters for our July 11th event.

Corn Roast Date - John and Pat are hosting this always fun event on Saturday, September 12th.

Our next meeting is the last one before our show and shine on July 11th at the Woodhaven Community Club.

Jim H.

Special NOTICE#1

We have some 20th Anniversary posters left- these look great on the garage wall, framed in the rec. room, or even for gasket material (just kidding) - If you want one or more, contact Ed Pauch at 832-0255 or the next meeting.

MAAC Report

I did not make it to the last meeting, and have not received the minutes of it. I will try to find out what happened for the next meeting.

AMERICAN • BRITISH • IMPORTS

THUNDER ROAD
MOTORCYCLES INC.

SALES • SERVICE • REPAIR

#6-1865 Sargent Ave.
Winnipeg, MB R3H 0E4

TED HECTOR & BILL FRASER
(204) 783-8894

Minutes of A.M.C.M. meeting of May 26, 1998

Fifteen members and four bikes turned out for the night. Jim opened the meeting with a word from John and Pat giving us the date for the Corn Roast to be on Sept. 12. 1998

Ziggy and the Financial report was 3785.37.

The library will recieve some books from Tiny's daughter as a donation, as soon as Jim is finished with them.

Ed reported from the Manitoba Marathon on Father's Day are requesting course marshals, contact them if you are interested. The Auto HAZ-MAT course is in progress and we will be called when our turn comes up.

If you have any Show and Shine posters please put them up. Exposure is good.

There were many positive comments about the success of the Tin Lizzie Day on Sunday. There was confusion about judging, though, and judging fees, but we will all know better next year.

After members broused through the Library Box for suitable withdrawels..... all left for home or coffee shop.

Respectfully submitted by

Mike the Bike.

Tech Tips.....by Bookworm

I got out my trusty Ampmeter and did some comparisons just for my own satisfaction,

12V rectangular sealed beam 4000 series....2.5amps

Bosch halogen 75w/70w.....4.0amps

Cibie tungsten 45w/40w.....3.9/3.4amps

Brake light #1156, 32 candlepower..2.0amps

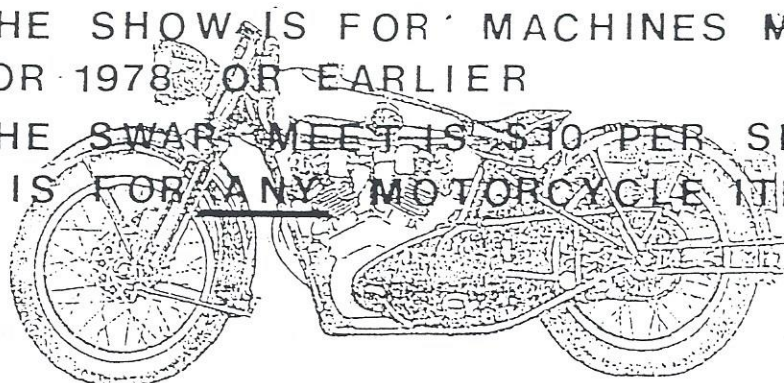

6V Tungsten 45/40w.....7.0/5.6amps

As you can see, the 6v headlight sure needs more amps. Connector quality is critical so as not to have excessive resistance. High resistance produces a hot contact that sometimes burns up the terminal ends beyond repair. A Voltmeter can be used for a Voltage Drop Test to confirm a good contact in all circuits. In closing, it's obvious 6V systems had larger wires to flow more amps; and circuit integrity was very critical to bright lights, or easy starting.

CLASSIC MOTORCYCLE SHOW & SHINE, & SWAP MEET

THE SHOW IS FOR MACHINES MFG.
FOR 1978 OR EARLIER

RUST 'N PIECES JUNE, 1998

THE PHOTO ON THE NEXT PAGE

This picture was taken by Len Hardy at Sturgeon Creek; it shows Tiny on what appears to be his Ariel Red Hunter. The photo was taken sometime during the 1960's. We thank Len for the loan of the photo. The computer processing to create the inset image of Tiny and the lettering was done by Lawrence of Thunder Road Motorcycles. I hope it photo copies o.k. Thank's Lawrence.

As I type this, Len Hardy is residing not far from where he took the picture. He is in the Grace Hospital. He would appreciate having visitors.

Jim Harrison
