Minutes of the October Meeting

Taking advantage of the weather and the gift of all year cover from Autopac, a few of the members graced the meeting on two wheels. Especially noteworthy was Lorenz with his Beemer bedecked with its new fairing – very nice. A gaggle of Guzzi's and a handful of Hondas were also present, although Terry has to work some magic on the several handfals he collected from Mike.

Getting down to business the 19 attendees soon settled into the routine mayhem of our meet. A notable absence was our 3-wheeled friend so the European gibes were somewhat subdued. We trust this was just as a result of prior engagements and not a reflection on the machine
!!!!!!!!!!!!!!

The Treasurer had much to report:

Bank balance stood at \$1335.48, a positive change over last year of \$346.00, with the rally showing a total of \$126 to the good.

At the monthly meeting of MAC there were issues raised around drag racing on Portage

Clean up of old vehicles lying around some municipalities !!!!!

Cost of insurance for our club under the coalition of clubs within this umbrella

New transport museum looking for volunteer representatives from the various clubs

The Editor confirmed the issue of our much-awaited Roster but a few errors were noted namely our latest honoree member Parker was accidentally overlooked and the other honorees were not identified. Our humble apologies Parker - it will not happen again.

The date for our end of season get together was set for 1st Tuesday in December, (The 4th) at Sorrentos in the Charleswood centre, formally the Forest Park Mall.

The President reminded us of our constitutional obligations in the upcoming elections - especially the one about 2 year terms for the top job – I am sure there must be a reason for this so do not feel shy about trying for a coup!!!!!!!!!!!!!!!!!!!!

The bingo application needs a new submission

Hunt the Pin continues (or at least the mold) so a chat with Ray hood was suggested to help in this quest.

Your 'Umble scribe reminds you that the highly prized Tee shirts are available as that hard to find Xmas present. For information the following quantities and sizes are available

5 - XLarge 13 - Large 5 - Medium 1 - Small plus 1 - Medium sweat shirt

With all the taxing business of the evening complete the meeting shifted to the coffee phase.

.....
FROM THE BOOKWORM.....

Bert has donated a collection of "The Antique Motorcycle" and "The Classic Motorcycle" magazines to our library. This collection spans the years from 1976 to the 1990's. I will catalogue these and will be making them available at the club meetings. There are some real neat photos and stories here. For example, I found a photo of Clark Gable on a H.D. he had ridden to a hill climb to spectate, and him wearing a hat and handkerchief stuffed in the uppermost pocket of his jacket.

And did you know ??? that in 1915, an American company called "Iver Johnson Arms and Cycle Works" introduced Double crank pins on their 1915 Models. This feature on their V-Twins to even out the uneven cadence of the firing order of V-Twins. I thought the Japanese were the originators of the engineering "Breakthrough". This model also featured roller cam followers. This is something I thought was a performance feature of the 90's. I've only just touched the surface, I'm sure, about all the neat stuff this collection has to offer.

Lot's of good reading I'm sure.....
