Editors Note

Well the weather this week in March isn't going to let too many of us take advantage of the great deal Autopack extended to us last year. All those machines plated and just sitting there waiting for spring, it was supposed to happen on March 20th. I have also heard some rumours that our rates are to be up another 20% this year, when is it going to stop.

Congratulations to Terry N. for taking over the reins at the CVMG. I think this is the first time a president from over there is also a member of our club.

I hope everyone has renewed their membership and filled out a roster form because in the next couple of weeks I'll be sending the roster out, so if you have been tardy get it done soon.

I guess everyone is like me and has no time to work on their projects as no one has offered up any short stories.

There is a '68 441 Bsa Shooting Starr rusting away in a farm yard in Alberta that I'm considering. It has been neglected for a number of years and is missing a few parts, gone to other bikes. Stay tuned for further developments.

Keith F.

Minutes of the February Meeting

The dawn (well actually it was dark outside) of a new presidential term was official with Jerry taking the top chair and wielding the gavel for his maiden call to order. Those present who were anticipating a "FN's, Rotaxes, Coventry Eagles, lend me your Erie's" address from our new man at the bars were to be disappointed. With a knocking of the piston and a call for reports from the other executive members, the maiden speech was sideswiped!

16 members & 3 guests were present. One guest, Jason, a potential new member, owns a 160 Ducati. Our other guests were Eric & John representing the CVMG. A warm welcome was extended to our guests & to our newest member Dave. We hope you enjoy the company.

My secretarial report consisted of firstly thanking Ross for again allowing his home to be invaded by the club for the movie night. A great time was had by all. It was especially nice to see many members' wives also came along. Our conversations must be mellowing from the "one track" long enough for those better halves to endure our collective discussions on the merits of a make or part a bike for the whole evening. Next topic was the display at the "Cycle World" bike show at the Convention Centre. A total of 9 bikes formed a combined entry from the CVMG and us. The display generated a great deal of interest with those attending. Many interested took membership forms so a response is hoped for. Most common reaction from the public was of surprise that not only did the bikes actually run but also many of the bikes were ridden on a regular basis. The only down side to the weekend was actually trying to pack up and leave at the end. Due to another function on the other half of the floor, access to the loading dock was not available until late so some of the display could not be removed in a timely fashion. Still all in all a good time was had by all who helped & attended – good show guys & thanks on behalf of the club for putting in the effort & special thanks to the organisers for letting us participate in the event – it was much appreciated.

The treasurer issued and reported on our annual financial statement. Our closing balance amounted to \$1426.59 in the black, an increase of \$437.42 in the year. In summary we are in a stronger financial position than last year.

The editor had nothing to new report but put out a plea for articles. So all your rally experiences or tech info on anything are more than welcome. Feel free to contribute.

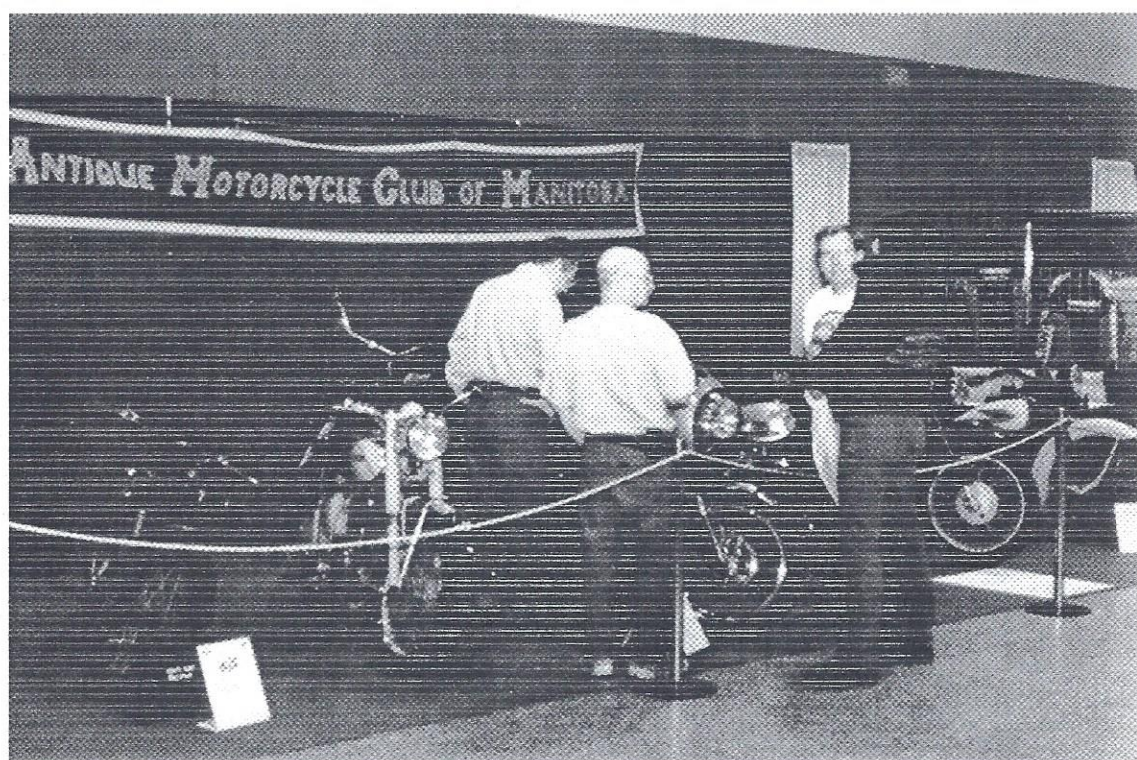

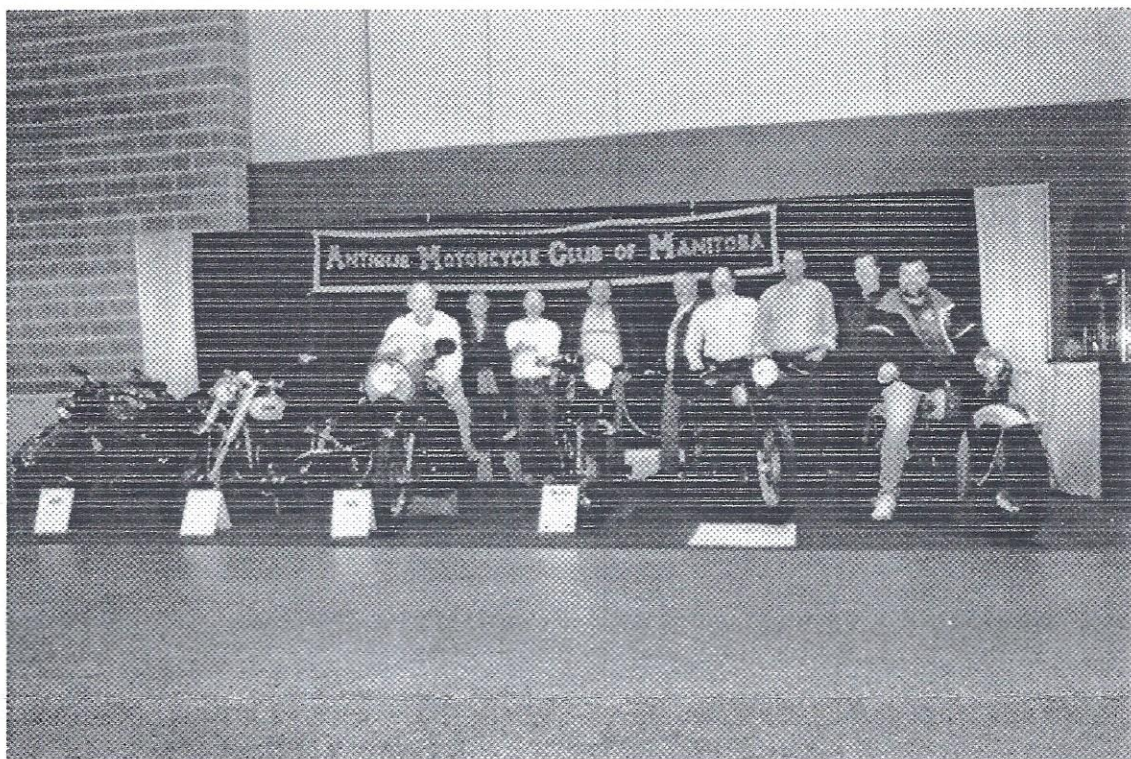

Under new business it was announced by our CVMG visitors that they also had a new President, Terry Neustater. This was brought about by John D deciding to relocate to B.C. We wish him luck in his new venture and also congrats to Terry in his new role.

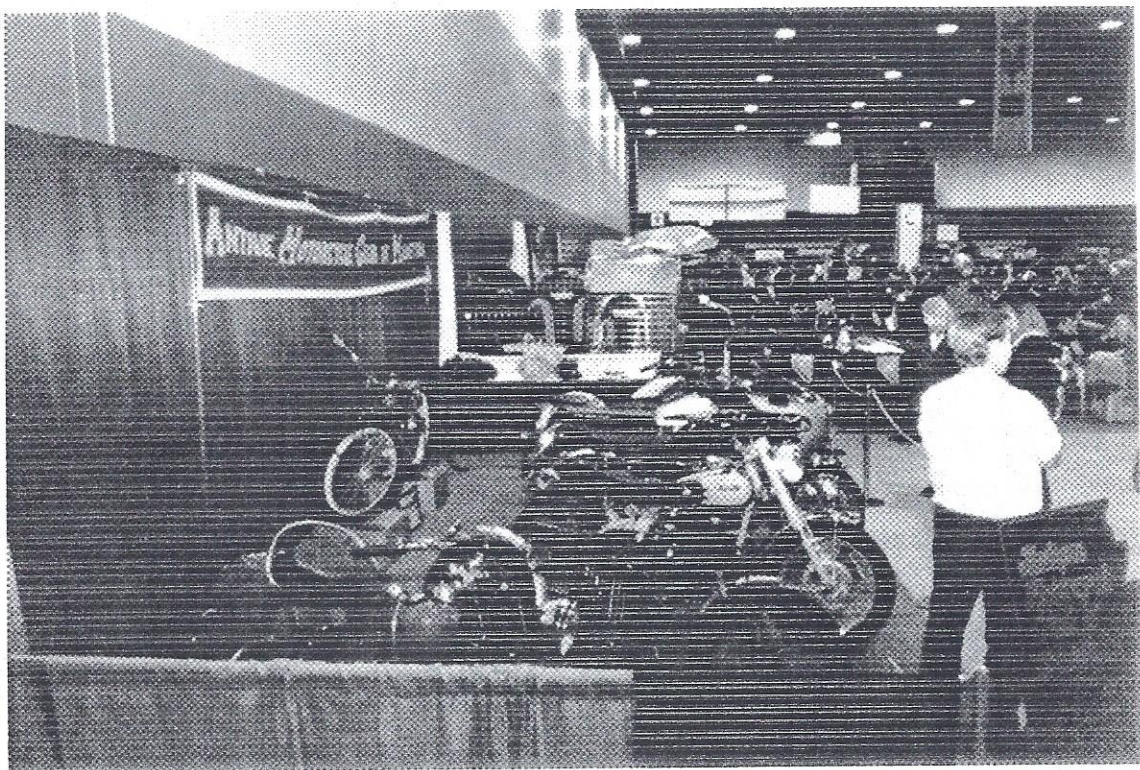

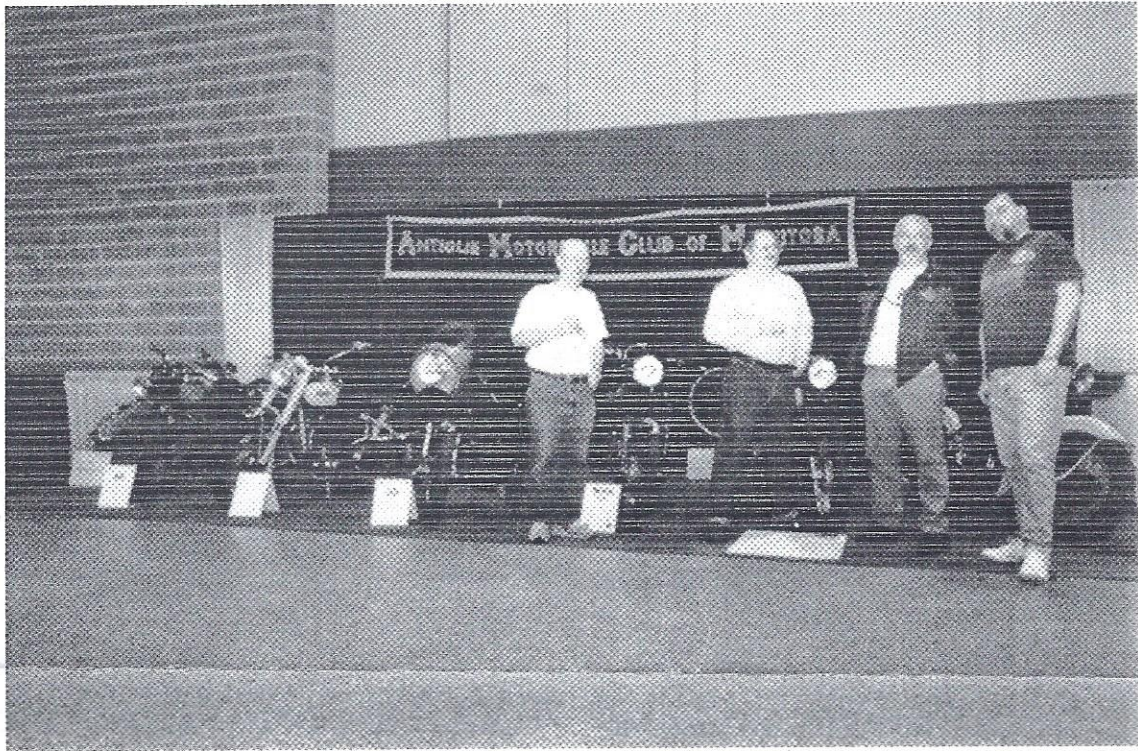

The rally committee has begun its weekly meetings again and handed out the 2002 entry forms for review and hopefully completion by all. Any comments or ideas for what you would like to see included in the line-up would be most gratefully received.

With no other business to discuss the meeting was brought masterly to a close by Jerry. Not bad for only his second swing of the hammer – do you think he has been practicing ?????!!!!

Your irreverent sec
John T.
