June 2020

Hey AMCM!

Spring marches on, pandemic does too. We are thankful for the changes from the provincial health care systems that allow a bit more freedom and “normalcy” with opened patios and percentages of seating in restaurants. I definitely worry about local businesses and how (if?) they can survive the sudden changes to their income/exchange and realization that many business models don’t work in pandemic situations. I do applaud those businesses that have adapted so quickly...and I certainly find myself looking locally for as many things as possible. Hope you folks are too, where we can!

Technology has certainly been a huge benefit during these last three months: the AMCM has held two virtual meetings, and we will do the same for the June 30th one. This next meeting – using Zoom as the meeting tool - we will hold virtual “garage hops”! Hope you can attend and have the opportunity to take a peek inside some of the AMCM Members’ shops...and perhaps some shops you normally wouldn’t see! We will still offer dial-in from phone so all attending members can hear what is going on if you can’t see what is being presented ☺

The AMCM Executive are looking at options to replace the aged and unstable picnic tables. These tables were built by members for the first Bison Rally in 2002 and have served well during ongoing rallies, corn roasts, and the Tiddler Run. We will present the options and recommendations at the June 30th meeting and will follow up with the membership.

Some great ideas have been put in place for the club during this weird time – thanks to members who put these together...and please, send us other ideas for interesting events as we work our way through the 2020 riding season:

- AMCM 2020 COVID-19 Pandemic Relay Ride where an older bike number plate is used as a “baton”. Members sign this plate, then take it to another member’s place to pass it along for their signature and taking it forward! It will be fun to see how many signatures we can get on this thing by the end of the summer!

No Perimiteritis but a parade is ok

CHAS' BIRTHDAY DRIVE-BY BASH!

The late afternoon of the last day of May (a Sunday) saw us gathering at the prearranged mustering point at Morden's Arena Complex Centre. Over 30 motorcycles, most having come from Winnipeg and surrounds, plus several cars and trucks, and drivers and riders milled around, mostly self-distancing, waiting for Rick W (who had organized the gig) to give the signal to go.

At last it became apparent that what he had been waiting for, arrived:

Morden's huge new ladder-truck Fire Engine driven by none other than the Fire Chief! Also prearranged, Tom blew some deafening blasts on the VUVUZELA (see explanation later) and the huge procession moved off. The Fire engine in front, then

Rick on his beautiful 1942 Harley Davidson Flathead, which coincidentally is the same age as Chas: 78 years!

The amazing “rolling thunder” procession moved down Gilmore street and passed Chas’ house with much noise from the Fire Engine's siren and the VUVUZELA blasts behind. The secret had been successfully kept from Chas and it was a complete surprise for him! He and his immediate family who were down from Winnipeg, were sitting out on the lawn to witness the drive-by. Terence revealed that Evan had nearly busted the secret the night before and was dying to tell “Pappa” so bad, that he had to be taken out of the room!

Social Distancing continued in Chas’ yard and acquaintances renewed after months of Corona19 lockdown, on that perfect, warm, windless evening. Some guys looked different with more facial hair and others that already had beards were decidedly greyer! A fitting tribute to a senior AMCM member who has given much to the club with heading up five Niverville Bison Rallies, numerous Gimli “Fishing Trips”, and no less than twelve Perimeteritis barbecue runs to Morden. Thanks to Rick W, Connie and Terence, and Connie’s sister Jen, for organizing and supplying cake and ice-cream, and battling to keep the secret!

Watch a video of the parade on our Website, amcm.ca and hear the cheers, the siren and vuvuzela as all saluted an amazed Chas, who admitted afterwards that he was completely unaware and the surprise was complete!

Thanks for the photos by our in-house photographer Irvin Peters, and video for the website by Terence.

VUVUZELA is the Zulu word for, “To cheer on, or to shout encouragement!” Made famous at the FIFA (Soccer) World Cup played in South Africa 10 years ago, the **VUVUZELA'S** raucous VERY loud blasts dominated the matches, especially when several hundred were blown together! Rumour has it that one English supporter bought a couple of hundred thinking to make a kill selling them to English soccer fans. The VUVUZELA was subsequently banned in England and Europe, so I guess he ended up in the hole financially!

CVMG BOOK REPORT

“Riding the Continent”

by Hamilton Mack Laing (edited by Trevor Marc Hughes)

Ronsdale Press 2019

I recently went on a month-long cruise down the Amazon. I took along six month's worth of CVMG magazines. After I was done reading each one, I left them on the counter in the ship's library. A fellow traveller by the name of Gordon Apperley from BC tracked me down (apparently I am easy to identify since I wear an old motorcycle t-shirt every day) and asked "Are you the guy leaving the CVMG magazines in the library?". When I admitted that I was, he said I needed to read the book he had with him which had just been published.

Imagine my surprise when I cracked *Riding the Continent*, to find that it was about a guy from Winnipeg who rode across the US, coast-to-coast, in 1915 on a brand new Harley Davidson.

And halfway through the

adventure, his brother from Winnipeg joins him on a 1914 HD. Basically it is the 1915 diary of Hamilton Mack Laing, chronicling this journey 105 years ago.

"Hamilton Mack Laing was an illustrious early British Columbia writer and naturalist, but few know him as how he described himself in his mid-thirties: a motorcycle-naturalist. In 1915, he made one of the first transcontinental journeys, riding across the United States from Brooklyn to Oakland. His previously unpublished manuscript of this journey, hidden away for nearly a century, is available now for the first time."

Riding the Continent tells the story of a pioneering motorcyclist and independently thinking naturalist on a most unusual road trip. Laing's tale explores the beauty of North America's bird life, describes the sights, scenery and people he encountered, and takes us along for the ride on a 1915 Harley-Davidson he named Barking Betsy."

The writing is superb (my old Grade 8 Language Arts teacher would have approved). Here is a sample:

"I noted while passing a local agency handling the breed of machines to which Betsy claimed kindred I stopped and went in. There is a very pronounced fraternalism of gas machines. Many times on the Road I have noted it. A thousand miles from home a passing stranger gives me a wave and smile or hurrah simply because I happen to ride the same brand of machinery he does. A man seems to get attached to the mechanical clique in which he gyrates and to feel that all others are without the pale."

Included in the book are dozens of photographs, as well as a foreword by Laing biographer/ B.C. historian Richard Mackie, and an afterword by editor/ motorcycle travel writer Trevor Marc Hughes.

Commendations about the book include:

"Hughes restores much deserved national attention to one of Canada's greatest, if sadly neglected environmental trailblazers." (Dr. Loys Maingon, Biologist and Environmental Historian)

"Laing's cross-country motorcycle journey in 1915 on Barking Betsy was a unique and exciting accomplishment in its day, and his remarkable journal from the ride is a fascinating read." (Mark Tuttle, Rider Magazine)

Whether you are Canadian (especially a Winnipegger) or from the USA, this is a must-read as Laing describes each and every day of his travels through the vast country of America. Thanks to my new B.C. friend Gordon for giving me something to pass the time while I am waiting for riding season to begin on the Prairies.

AMCM Photo Scavenger Hunt is taking place July 4-5 and is open to AMCM members and friends. Follow the instructions that Ken will go over at the meeting, and will be email blasted out afterward...ride around with friends on that weekend and take pictures that support the themes. Best photos will win a prize, and BONUS, we will be looking for the 2021 Rally t-shirt photo (2021 marquee is Harley-Davidson)

Speaking of the Relay Ride, I received a phone call from Don C a couple of Fridays ago – wanting to know if Rick and I were home and if he can pop over for the Relay! We were absolutely delighted to have a bunch of cool bikes and even cooler riders stop by! WOW – what a treat! We had a wee tour of our shop and a look at Ricky Rail to boot. Then, off they went into the sunset. SO fun and there was that sense of normalcy I talked about – it was great, and we were thankful for the creative folks who make up these events. Of course, they were able to use their Vintage plates along with the Sanctioned Ride list and MPI approval letter as this truly was a Friday night Garage Hop! Well done team ☺

Please reach out to me @ pirates.pearl@gmail.com or 204-471-5465 – stay safe!

Cheers – Kim ☺

AMCM 2020 Pandemic Relay

Since COVID-19 has led to the cancellation of so many of our summer events, we decided another fun approach to riding and seeing each other safely, would be a Relay. We have a genuine, antique (well, old anyways) number plate that we will use as a “baton”. It will circulate, along with a sharpie marker for you to sign it with, and a copy of the 2019 Roster, to cross yourself off (in case your signature isn’t really legible.) When you receive it, sign it on either side, and then ride over to another member’s to pass it along. Try not to let it “get stuck” for too long - let’s see how many signatures we can get on this thing by the end of the summer!

Here’s what to do:

1. Wash your hands before opening the baggie.
2. Use the enclosed Sharpie to sign the number plate.
3. Mark your name off in the Roster.
4. Put the pen and Roster back in the baggie.
5. Wash your hands again.
6. Go for a ride, and take it to another AMCM member.
7. Pass it off using appropriate social distancing.

2020 Bison Scavenger Hunt

Rules

Who - Free event open to all paid up 2020 AMCM members. Ride in groups from 2 up to 10 riders. Any out of province, and out-of-country members are also welcome to participate. You form your own group; try not to leave anybody in your area out.

What - Take “Theme” Photos from a list which will be provided.

Where - Compete as a team or as individuals, riding in your own small group in your own corner of Manitoba or part of the world.

When - July 4 th and /or 5 th 2020 between dawn and dusk. Snap a picture with your phone or camera and Email pictures with the theme in the subject line by midnight July 6 th to bisonscavengerhunt@gmail.com

Why - To get together with fellow members, ride your bike, stretch your imagination, compete against fellow AMCM friends. But mostly to go for a ride and see who can come up with the most interesting / entertaining / artsy pictures.

An example of a Theme - “Harley” Take a picture of a Harley , of someone named Harley , a street sign ,a building an acronym, an anagram- any picture that, through any stretch of your imagination could represent to you the noun “Harley “. Serious or funny, there are no wrong pictures. Some may need an accompanying explanation though!

There will be 6 “Themes”. When completed simply e-mail us your pictures. Photos will be judged, and the best of the lot will be featured in the next newsletter and **a prize will be awarded for each selected Photo.**

Bonus picture

We will need an image for our 2021 Bison Rally t-shirts. We would prefer an image of an AMCM Club member riding a vintage Harley, feet up leaning forward, wearing goggles, gloves and a helmet. All entries not meeting the guidelines will still be considered. The runner up picture may be featured in or on the cover of the Club’s 2021 Roster.

2020 Bison Scavenger Hunt Instructions

Organize your own groups, decide when and where to ride, take some amazing pictures, have some fun, stretch your imagination and maybe win a prize. Have a quick look through the roster and help everybody in your area get in a group. Not everyone needs to take photos, you can just go along to help with ideas. A cell phone camera is all you need.

Send your pictures to bionscavengerhunt@gmail.com by midnight July 6th

4 wheels, 3 or 2, how you travel is all up to you. This is a **Free** event open to club members and friends. Only AMCM Members are eligible for a prize.

Theme words – **Harley**

Bonnie

Ninja

Beemer

Corona

Freedom

Label the pictures so that we know what category each Photo belongs in.

Winning picture in each category will receive a prize.

Bonus photo winner could be featured on next years Bison Rally T-shirt.

Runner up featured in the 2021 AMCM Roster.

Blast from the past

"Get your butt to the start line & quit fooling around!"

"There doesn't seem to be a section for Hondamatics!"

Life here in Mexico.

From Larry Woolley

This is just note to update everyone, that I am still alive... Surprise!

With the recent changes in airfare costs due to this virus I expect the flying prices to increase drastically, maybe two or three times higher than they were before. So this may make one think that driving may be more cost effective than flying.

We have had some deaths actually many locally. Due to the locals drinking bad moon shine. It was made from sugarcane, but turned into methyl alcohol added to a local drink mixed with fresh cow's milk. If the liquor stores were open everyone would still be alive. A group out of a place called Mazamitla made it the papers told us.

The lake area is opening up, restaurants are serving again, but in more open areas. The golf courses are open too. The main highway from the city to the lake still has security restricting non-residents back to the city, however business workers are allowed thru. They operate from 9 am to 12 pm, the Police and firefighters take turns.

Barber shops are open finally but movie theaters are still closed.

Everyone still has to wear face mask to go into stores, and the Bank too. I can wear a mask but not sun glasses or a hat. Walmart and other big stores like Sorriana's has only one entrance open, the cart handles are disinfected by the security staff when entering.

The small fruit and vegetable stores have controlled occupancy, as only two in the store at a time.

The USA border is still closed for pleasure travel at Laredo Texas. Mail is slowed down big time, as is the importation of US made food products at our local specialty stores.

The US is building more wall length every day. Gas has dropped to \$1CDN per liter over all the country, which is a good thing.

I have about 3 more weeks of HOT dry weather before the rains arrive. 32 to 34 C highs, lows of 14 to 18C at night, at least the humidity is low under 30% now.

We are getting cherries on the market as well as the regulars of blue berries, straw berries grapes and tomatoes.

Well that is life here now, thought you'd like to know.

We have a Hard Luck Trophy.....

Hey gang, I was talking to Kim some time back and am willing to donate a Hard Luck Trophy for annual competition. My idea was to hand it out by popular vote at the annual Christmas Dinner...Let every one know it's up for grabs... people tell their hard luck trophy story at the Banquet and we do it old Vaudville style. After all the stories get told...the CHAIR holds a hanky over each person and the winning story by popular round of applause. Might add an entertainment value to the annual Christmas dinner and hopefully add to attendance... I can drop the trophy off some where when time permits.. Just got the plaque back from the engraver today

Cheers Ross

T-shirt sales are going great. I have - 1 small, 1 Medium, 2 large and 3 XL shirts left to sell.

Before I put these up on facebook tomorrow is there anybody that would like to purchase one or has someone in their riding group that would like one ?

No discounted shirts and no laundry to store for next year, it looks like it will be a sell out.

We should raise around \$470.00

I am sure they are all sold.....

Good day - we have received approval for the AMCM 2020 Sanctioned Ride List. This year, members with Vintage plates MUST carry BOTH documents as attached: the MPI-approval letter and the 2020 Ride List.

The MPI Registrar has worked with law enforcement this year to keep them up to speed on the approved ride list (and I understand there will be another Ride List coming from the CVMG).

Date: May 12th, 2020

Kim Robinson, President
Antique Motorcycle Club of Manitoba Inc.
PO Box 155 Grp 326 RR3
Selkirk, MB R1A 2A8

Dear Kim:

Thank you for providing the information outlining your members' use of Antique plated motorcycles, which helped to address some of the road safety concerns initially raised by the number of events for which you were seeking approval in 2020.

I am providing approval for the revised list of 2020 events (attached), on the condition that any public health orders applicable to each event are strictly observed. I will be reaching out to our contacts within law enforcement to communicate this approval and advise them of the approved event schedule.

I would request that if any of your planned events are rescheduled, please reach out to our office to advise so that we can relay this information to law enforcement. Our administrative officer Jade Yu can be contacted by phone at 204-985-8770, EXT 4216 or by email at JYu@mpi.mb.ca.

Sincerely,

Patrick Sarginson

Registrar of Motor Vehicles
