

Bison Scavenger Hunt Photo Contest Winners:

Harley Submitted by: Della Beattie

Ray and Ricki Houde, taken in Virden in 1976 (A picture I took of a photo from my parents' album). Ray and Dad (Tiny Robins) were great friends, but maintained an ongoing rivalry between the Harley and Dad's Vincent Black Shadow (or really, anything British)!

Ninja Submitted by: Ken Charleton+

My Grandsons Dave and Jay dressed as Ninjas riding my 1974 RD350 Yamaha

Beemer Submitted by: Olivier Joedicke

All Beemer owners know that our favourite "Airhead" got another nickname: "Gummikuh".

"Gummikuh" in German, means "Rubber Cow".

This name came after a test drive from a motorcycle journalist, Ernst Leverkus. Because of the cardan drive, the back of his BMW moved up when accelerating, down when releasing the throttle, and he made the comparison with a cow.

Bonny Submitted by: Ross Metcalfe

I took my Bonnie lass to Bonniycastle Park.

Corona Submitted by: Don Charleton

This is a picture of me with my friend Cory's puppy dog. Cory got this dog just when the Corona virus social distancing & lockdown occurred this past spring.

He named his dog Covid.

Freedom Submitted by: Kate Charleton

To me, the human rights museum is a great example of freedom and the paths that were taken to achieve it. In the museum you see stories of so many brave individuals that fought against the status quo in an attempt to change the world while sacrificing themselves for others.
