Elle Presidente Notes April 2021

Trust this newsletter finds you and yours well and with some of you receiving (at least) the first jabs of the COVID vaccine. Somehow the process of vaccination against this scourge brings a bright light and more hope of being able to share our lives more than just digitally with one another. Steady as she goes!

There are a number of projects underway at AMCM member garages, and it is wonderful to see and hear about the updates between ourselves, on the AMCM Facebook page, and in this newsletter. Thank you all for keeping the membership informed of what's happening in your garage over this winter and of course during a pandemic! Given the price of wood these days, let's keep working on the bikes – right?! Please continue to share your projects and updates ☺

I have received calls and emails from folks renewing their 2021 membership, and some with changes to residences and other information, so this year's Roster will be super helpful to make sure we have all the correct information for the membership. Thanks to all who have renewed for 2021, we really appreciate your dedication to this wonderful club and bringing your expertise and experiences to share. For those who haven't renewed, it's not too late to get on board...deadline to renew and ensure your place in the 2021 Roster is April 30<sup>th</sup>. After that, our Roster Master (!) Mark Baribeau will get to work in putting together the amazing Roster we enjoy. And...please send Mark your updated pictures for the roster [markrbaribeau@gmail.com](mailto:markrbaribeau@gmail.com)

The 2021 Sanctioned Ride list has been submitted to the MPI Registrar, and while we have not received the official letter of approval, I have verbally been told we should be receiving the green light soon...perhaps I'll have an update for the April 27<sup>th</sup> meeting. Of course, Louis will keep folks informed via email blast.

Lastly, please bring forward any and all suggestions you have for the AMCM...ideas for rides?; for the meetings?; thoughts on any special guests we should interview?; all ideas and comments are welcome! Send yours to me [pirates.pearl@gmail.com](mailto:pirates.pearl@gmail.com) or call me @ 204-471-5465.

Cheers

Kim

## **A while back I stopped in to see Siggi and dropped off some posters**

By, Ken Charleton

Siggi restores vintage Indian motorcycles, so we took some pictures to let everyone know that he's still kicking and what he's been working on.

As far as the tiny Posters goes this was his reaction: "collectable, maybe, but what are they good for?"

Then he mentioned his long-time old friend Ross and his unfinished Jr. Scout project. Then he used my tiny posters to poke the Moose.

"My Jr. Scout may not be finished but I'm way ahead of you."

"If your piston slides in with this, your motor is shot."

“The posters are great for gapping points or patching a tube.”

“Make your vintage Jr Scout sound like a Harley.”

“Just sitting around waiting for my turn to get shot.”

# Forward the AMCM Charge of The Bison Rally 2021

Was there a rider dismayed?  
Not though the riders knew  
Will we charge and be blundered  
Its OK to make reply  
It's OK to reason why  
Theirs but to Show N Shine  
Into the valley of the Red  
Rode the One Hundred

Covid-19 to the right of them  
Variants to the left of them  
Regulations hang above them  
The Bison Rally Thundered  
Apart six feet they dwell  
Oh, they social distance well  
Into Ste. Agathe  
Into Cartier Park  
Rode the One hundred

When can their glory fade  
O the Food and Games they made  
Other clubs could but wonder  
Provincial guidelines really hurt  
With History worn on T-shirts  
Collect the tiny Posters made  
Honour effort volunteers gave

## **AMCM regalia update April 2021**

Some of the AMCM regalia has been accessed from storage and is available for purchase. A few baseball style caps in are available and priced at \$20. Patches available for members only are also available. Large patches are priced at \$45 and small at \$15. Please contact Dan Catte through the roster to arrange purchase and pick up.

## **From The Library April 2021**

The library proudly reports the receipt of an overdue BSA 500 & 650 twin workshop manual. While the return of library materials is not normally worthy of an announcement in the newsletter, this particular manual has been absent from the library for approximately thirty years. Ross Metcalf was approached by a former MMC member during the last Remembrance Day gathering at the Brookside Cemetery who had originally borrowed the manual and still had in his possession. He brought the manual and presented it to Ross for return to the Library. Complete amnesty was granted for the return of the long overdue material but it should be noted that Ken Charlton who was a witness to this touching moment seized the opportunity and secured the sale of a rally t-shirt to the long lost member.

There are some motorcycle magazines and magazines of other genres still available for sale from the donation we received through Rollie Cook and his son in law. We have sold 30 magazines to members at the time of writing. Titles remaining include American Iron, Street Chopper, Hot Bike, Barnett's, Street Rodder, Super Rod, Classic Truck, Custom Classic Truck, Truckin, Hot Rod, Car Craft. Proceeds will be used for the purchase of AMCM library resources. Contact Dan Catte though the roster for viewing and purchase.

A few pictures of returned BSA manual cover and contents as well as a cover of "The Motorcycle" magazine from October 1949 have been added for the showcase of library materials for your viewing pleasure.

# Little Honda

The “Beach boys” couldn’t have said it better back in July 1964 when they released “little Honda”. “It’s not a big motorcycle, just a groovy little motorbike”.

In the fall of 2020 I was looking for a winter project and came across an ad for a 1964 Honda 50. I had owned and restored several early Honda CT 70’s so this ad was of real interest.

I called the seller and learned that this bike was one of the first Hondas in Manitoba and was purchased by HC Paul limited as a trial to test the market for these bikes and as they say “the rest is history“. The seller in the ad was Tim Paul son of HC Paul. We made a deal and with the help of a buddy picked up the bike and brought it into my basement workshop. So over the winter I dismantled the bike, cleaned, refurbished and repainted everything necessary. I replaced all the plastic body parts with new pieces, although the original pieces are in relatively good condition. I did not redo the engine as it appears to be in good working order. I just repainted it and changed the oil.

The bike shows 2795 miles. It is the rare version, the C102, which means it has both kickstart and electric start and requires a larger 6 V battery. The tires I believe are the original tires and are in good shape. Along with all new front fender, headlight case, leg shield and inside covers, it has a new correct gray and White seat, new larger battery, new ignition switch, signal light lenses, foot rest rubbers and complete new exhaust system along with numerous small parts. I have the original owners manual and a complete written and pictorial history, courtesy of Tim Paul, which I have attached. Thank you very much Tim for your help. It has been a very enjoyable project. I fired it up and with a little tuning it ran and Idled smoothly. Unlike some of my “British projects” it hasn’t leaked a drop of oil.

## HARRY PAUL AND THE HISTORY WITH HONDA.

BY the early sixties HC Paul Ltd had established itself selling Mercury outboards, Polaris/Autoboggan snowmobiles, and Pioneer chainsaws. Always on the lookout for new products and the emerging motorcycle market Harry had heard of Honda Motorcycles and thought they should look into it. A local dealer, The Honda Hut ,had some bikes, so they went down and bought two Honda 50's to try out. Impressed by the bikes and the potential motorcycle market , Harry boarded a plane to Japan to acquire the Honda franchise. Already an expert in cold calls Harry called upon Honda and after meeting with a number of senior executives attained the franchise for Manitoba , Saskatchewan, NW. Ontario , and the NWT.

HC Paul successfully marketed the product for a number of years and Harry developed many special relationships within the Honda motor company. Loyalty being what it is that as Honda gradually took distributors back for themselves H C Paul was the last privately-owned Honda distributor in North America.

HC Paul also brought the first Honda cars to Manitoba. They were cute but did not fare to well in our weather. Upon Honda's return a number of years later Harry was offered a dealership but declined and passed it on to a friend.

Wanting to expand sales Harry used an aircraft to market their product in the North. These areas, not accessible by road would be visited by HC Paul sales staff to create a demand within the community. The HBC in these communities would become their dealers.

One of the two original Honda 50's was sold to a friend of Harry's, Howard Olson. He owned it for a number of years and eventually gave it back to Harry for preservation. This bike was eventually sold to Howard Ginter in 2020 for restoration.

You will see it in one of the attached pictures by the plane.

## Blast from the past

**Anyone know  
who this is  
and where  
and what  
kind of  
motorcycle...**

.....

Hey AMCM,

Here are the quick hits from the zoom meeting held on Tuesday March 30th:

- We had approx. **33** members in attendance for the virtual meeting!! Thanks to everyone that attended.
- The Sanctioned Ride list is nearing completion, it will be issued when we receive approval from MPI
- 2021 Rally will likely be a modified event, more details to follow.
- 2021 Rally T-Shirts, long sleeves, sweaters and woman style shirts (style TBD) are available for order. Contact Ken ([kencharleton@gmail.com](mailto:kencharleton@gmail.com)) to make your order.
- The next newsletter will have the forms for the 2021 Joe Sawtus Ride Challenge. Take photos of your odometers as the starting point of the ride challenge.
- 2021 Membership Renewal Deadline is the end of April - Membership form can be found on the [AMCM Website](#), please email completed forms back to me and we have lots of options for payment as outlined on the form.
- Send photos of you and your bike to [markrbaribeau@gmail.com](mailto:markrbaribeau@gmail.com) for the roster.
- Newsletter target date is April 20th +/-
- Videos on MMC played at last month's meeting have been uploaded to the [AMCM website](#).
- Suicide Prevention Ride - In September - working with the Suicide Prevention Ride for a shorter loop ~100-150kms long. This year it is starting at WSL on Dugald Rd. to Westside Honda and back.
- Auto/Motorcycle Magazines haven't received interest from the group, they will be posted for sale to the public and remaining will be sent to auction.
- Dan will be picking up AMCM Regalia so it is easier to be sold.
- Viewed videos of *Jim's Dishwasher Vapour Blaster* and *Irv Lowen's 1919 Indian Power Plus* and *Siggi Klann talking about his 1938 Junior Scout Indian Motorcycle*.

The next AMCM Virtual Meeting will be April 27th, 2021

Thanks,

Louis

## Siggi's 1938 Indian Junior Scout 500 cc V-twin **Sold**

---

This 36 Junior Scout is looking for its forever home. Siggi has collected all the parts but will leave the final paint, plating, and assembly for the next owner.

The Junior Scout came in red or blue. The new owner will decide the colour.

Siggi has spent the last eight years sourcing mostly original parts from all over North America to get it to this stage.

Everything you need to complete the Jr. Scout is labeled and boxed ready for final assembly. The 500 cc V-twin motor has been rebuilt as are all the major components.

These bikes are built like tanks. Engineered to survive the roads of the dirty 30's these motorcycles can be driven and enjoyed today.

Although original parts can be hard to come by, you can still get new remanufactured replacement parts. Siggi likes to use original parts whenever possible. The usual wear and tear parts, tires, tubes, battery, exhaust, gas lines, wiring, and brake pads will be new.

Siggi was quick to point out that in that cool looking original battery box will sit a brand new battery. The gas tank is complete and restored as well as the gauges and head lamp.

This scout would be finished and on the road if Siggi wasn't spending most of his time working on OPB's (other peoples' bikes). On another motorcycle lift ahead of this scout is a 1941 500cc Military 741 that's getting most of the attention for now. I don't know the asking price for the Jr. Scout but like everything else these days I would guess it's only going up.

Siggi really misses getting out to the Club meetings, but hang in there, you may see him this summer yet.

Ken Charleton **Last minute update**

Just in time to beat the newsletter deadline I received the news from Ross that this 1938 Jr. Scout Motorcycle is **SOLD, SOLD, SOLD !** Thanks Ross

Hey folks, Kim & Rick here. We are selling some of our collection as we just don't have the time to give all of the bikes attention, and are advertising first to the AMCM membership through this newsletter!

First up is a 1966 Honda 50 in good condition with 5,773 original miles. Needs a carb kit, otherwise, she is a runner. Asking \$1,300

Second up is the 1972 BMW R60/5 with 5,704 km after a professional and excellent restoration arranged by the previous owner. This bike is in excellent condition: a very reliable and beautiful bike to ride. It comes with a second saddle and two sets of saddle bags and service manuals. Asking \$8,800

Lastly is a Spirit Eagle side car that fits the '72 BMW. It is currently not connected, and we would consider selling as a package if that was desired buy the buyer. Asking \$2,100.

If you are interested in any of these items, please give Rick a call for a chat 204-904-8330...and we can send some pictures too. Cheers - Kim ☺

Kim Robinson

Antique Motorcycle Club of Manitoba

Dear Kim:

Thank you for providing the information outlining your members' use of Antique plated motorcycles.

I am providing approval for the revised list of 2021 events (attached), on the condition that any public health orders applicable to each event are strictly observed. I will be reaching out to our contacts within law enforcement to communicate this approval and advise them of the approved event schedule.

I would request that if any of your planned events are rescheduled, please reach out to our office to advise so that we can relay this information to law enforcement. Our Administrator, Jade Yu, can be contacted by phone at 431-336-1949 or by email at [JYu@mpi.mb.ca](mailto:JYu@mpi.mb.ca).

Sincerely,

Patrick Sarginson
